6. **QUOTE WITHDRAWAL** Quotes may be withdrawn or modified under the following circumstances:
 - a. Where a mistake is discovered before the quote opening, the quote may be modified or withdrawn by written or electronic notice received by the purchasing agent prior to the time set for quote opening.
 - b.  - c. No quote may be withdrawn or award canceled when the result would be prejudicial to the interests of the City or fair competition.
 - d.  - e. If a quote is withdrawn or award canceled under the authority of this section, the lowest remaining quote shall be deemed to be the low quote.
 - f. Nothing herein shall prevent the City from rejecting all quotes if deemed to be in the interest of the City or fair competition.
7. **CONTRACTOR INTEREST IN MORE THAN ONE QUOTE** Multiple quotes received in response to a single solicitation from an individual, firm, partnership, corporation, affiliate, or association under the same or different names will be rejected. Reasonable grounds for believing that a Contractor is interested in more than one quote for a solicitation both as a Contractor and as a subcontractor for another Contractor will result in rejection of all quotes in which the Contractor is interested. However, a firm acting only as a subcontractor may be included as a subcontractor for two or more Contractors submitting a quote for the work. Any or all quotes may be rejected if reasonable grounds exist for believing that collusion exists among any Contractors. Contractors rejected under the above provisions shall be disqualified if they respond to a re-solicitation for the same work.
8. **PRICES** Quotes must be submitted on a firm, fixed price, and F.O.B. Destination basis only unless otherwise specified herein.
9. **ERRORS IN QUOTES** When an error is made in extending total prices, the unit price will govern. Erasures in quotes must be initialed by the Contractor.

13. **MULTI-YEAR QUOTES** Multi-year contracts may be continued each fiscal year only after funding appropriations have been granted. In the event necessary funding appropriation is not granted, the multi-year contract shall be null and void, effective July 1st of the affected year. Should the Contractor decline the City's right to exercise any option period, the City may consider the Contractor in default, which may affect that Contractor's eligibility for future contracts.
14. **CONTRACTOR'S PAYMENT TERMS** The City will reject as non-responsive a quote under this solicitation, which is conditioned on payment of proper invoices in less than thirty (30) days. The City reserves the right to withhold any or all payment or portions thereof for Contractor's failure to perform in accordance with the provision of the contract or any modification thereto. The City may waive minor differences in specifications in quotes provided these differences do not violate the specifications' intent nor materially affect the operation for which the items or services are being purchased

The Contractor will be paid for the actual amount of authorized work done or material furnished under any item of the quote at the price quote and stipulated for such item. In case any quantity is increased, the Contractor shall not be entitled to any increased compensation over and above the unit price quote for such item, or any claim for damages on account of loss of anticipated profits should any quantities be decreased. The Contractor shall be responsible for confirming the accuracy of the specified quantities prior to ordering materials or supplies and the City's payment shall be based on the actual quantities incorporated in the work and not the quantities specified in the quote document. 40. **PATENT RIGHTS** Whenever any article, materials, equipment, process, composition, means, or things called for by these specifications is covered by letters of patent, the successful Contractor must secure, before using or employing such article, material etc., the assent in writing of the Owner or Licensee of such Letters of Patent and file the same with the City.

The said assent is to cover not only the use, employment, and incorporation of said article, material, equipment, process, composition, combination, means, or thing in the construction and completion of the work but also the permanent use of said article, material, etc., thereafter by or on behalf of the City, in the operation and maintenance of the project for the purposes for which it is intended or adapted. The Contractor shall be responsible for any claims made against the City, its agents and employees or any actual or alleged infringement of patents by the use of any such patented articles, etc., in the construction and completion of the work, and shall save harmless and indemnify the City, its agents and employees from all costs, expenses, and damages, including Solicitor's and Attorney's fees which the City may be obligated to pay by reason of any actual or alleged infringement of patents used in the construction and completion of the work herein specified.

41. **SUBLETTING OR ASSIGNING OF CONTRACT** The City and the Contractor each bind themselves, their partners, successors, assigns and legal representatives of such other parties in respect to all covenants, agreements, and obligations contained in the contract documents. Neither party to the contract shall sublet, sell, transfer, assign or otherwise dispose of the contract or any portion thereof, or of the work provided for therein, or of his right, title or interest therein to any person, firm or corporation without the written consent of the other party, nor shall the Contractor assign any monies due or to become due hereunder without the previous written consent of the City.

This does not relieve the contractor from the prime responsibility of full and complete performance under the contract. There shall be no contractual relationship between the City and any subcontractor.

43. **NO WAIVER OF CONTRACT** Neither the acceptance by the City nor any order, measurement, certificate or payment of money, of the whole or any part of the work, nor any extension of time nor possession taken by the City shall operate as a waiver of any portion of the contract, or any right to damage therein provided. The failure of the City to strictly enforce any provision of this contract shall not be a waiver of any subsequent breach of the same or different nature.
44. **GUARANTEE PERIOD** The Contractor shall warrant and guarantee the work required under this contract for a period of twelve (12) months from the date of Final Acceptance. The Contractor warrants and guarantees to the City, that materials and equipment furnished under the contract shall be of good quality and new unless otherwise required or permitted by the contract documents, that all work will be in accordance with the contract documents, and that all work will be of good quality, free from faults and defects. Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. If required by the City, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment. The Contractor's obligation to perform and complete the work in a workmanlike manner, free from faults and defects and in accordance with the contract documents shall be absolute. The Contractor shall remedy, at his own expense, and without additional cost to the City, all defects arising from either workmanship or materials, as determined by the City, or City's representative. The obligations of the Contractor under this Paragraph shall not include normal wear and tear under normal usage.

If the Contractor does not, within ten (10) days after notification from the City, signify his intention in writing or inaction to correct work, as described above, then the City may proceed with the work and charge the cost thereof to the account of the contract as herein before provided. Warranty documents shall be furnished by the Contractor and shall be delivered to the City before final payment is made.
